BOCARS 'Belgium's Volkswagen specialist'

Looking for a first car you can be immediately confident in? Then this Polo is one to note. With barely 14,545 km on the odometer and first registered in May 2023, it still drives like new, and you feel that from the very first meter.

The **Life trim** makes it immediately complete: **air conditioning, leather multifunction steering wheel, LED headlights, front and rear parking assistance**, and the Ready 2 Discover screen with wireless **Apple CarPlay and Android Auto**. Everything is where it should be, nothing too much, nothing too little.

The 1.0 petrol engine with a five-speed gearbox is light, agile, and wonderfully simple to use — ideal in the city, relaxing on the road. And with Volkswagen's complete safety equipment, you're in good hands, whether you're a young driver or a young family.

In the understated color **Ascot Grey with chrome accents**, it also looks sleek and timeless. Feel free to come and see it in our showroom in Zulte.
